

Highlights of Past EHA (HOPE) Latin America (LA) 2023

EHA is proud to announce the 5th edition of the Highlights of Past EHA (HOPE) Latin America (LA), organized in collaboration with the Associação Brasileira de Hematologia Hemoterapia e Terapia Celular (ABHH).

Date: October 26, 2023

Format: In-person only

Location: São Paulo, Brazil

At EHA we highly value international collaboration, and we aim to foster long-term relations with our national society partners. Partners from the whole region are invited to participate in the program and join the international audience on site.

Program

HOPE LA 2023 aims to bring the key messages from various fields of hematology of the EHA2023 Congress to Latin America. As such, the meeting provides a selection of the most important education and scientific sessions of the EHA Congress, tailored to the needs of the local hematologist. This year HOPE LA is organized as part of the Brazilian Congress of Hematology, Hemotherapy and Cell Therapy (HEMO 2023).
